Conrad

It was a pleasure meeting you on the phone. We discussed some mundane details:
Contracting entity: GCA Holdings LLC, 2110 East Flamingo Road, #301, Las Vegas, NV 89119.
Your contact info: office (702) 866 6802, cell (702) 862 0973.
Your mode of travel: most likely with Artist on charter, but 1st if not. Family airfare personal cost.
Accommodation - 'easy proximity of Artist' - that might be a guest house on the grounds of the property rented for Artist.
Tour pays for necessary professional costs including transport between Artist & house and house & venue.
Probable need for multiple UK-based cell-phones & your need for one.
Need for one venue-based, one home-based extracorporeal CPR units.
Insurances: travel-type accident, sickness, loss-of-possessions policy to be incepted for travelling party - but this is working personnel. Premium is about \$250/person if you'd like us to extend to family. Effective only while away from USA.
Life insurances - personal choice.
AEG contract would not cover more than one month in lieu of notice if there was a curtailment or cessation of the tour.
Loss-of-profit - also called contractual performance insurance - had asked brokers at Lloyds to research. Intelligently, they also suggest it covers both possible Force Majeure affecting tour/performances as a whole and possibility of accident preventing your providing services. Insurance would be personal cost. Fees \$150k/mo payable mid-month.

Lots to consider above and would be happy to continue discussion when convenient to you.
